Dear Parent / Guardian

As we approach the end of another school year I write on behalf of all of the Governors to share two pieces of excellent news.

School Improvement Partner (SIP) Review

Graham Jones, our School Improvement Partner, has recently visited and reviewed the way that our school is led and the results achieved by our hardworking team of staff. Graham's overall view is that we are a "rapidly improving school" with many positive comments made in his report.

SATs Results

Our recent SATs test results are the best that our school has ever achieved. Based on previous attainment, 63% of our cohort of "SATs age" children were expected to achieve a Level 4 or above and 22% were expected to achieve a Level 5 or above. I am delighted to be able to tell you that 89% of our children achieved a Level 4 in Literacy and 39% achieved a Level 5. In numeracy, 75% achieved a Level 4 and 29% achieved a Level 5.

Our school has achieved this recognition and its excellent results through the leadership of our senior management team and the hard work and support of ALL of our staff. We are very proud of all that has been achieved and thank all of the staff for making Staplegrove a "rapidly improving school !"

Yours sincerely

Paul Bailey
Chair of Governors
